

A Community Conversation: Diversity in the Computer Science Classroom
Planning for Strategic Implementation

Strategic Action(s) to Increase Diversity in CS Classroom	
School or community conditions that have implications for or offer opportunities to increase diversity in CS	Specific connections or opportunities needed to build support for efforts to increase diversity in the CS classroom
School or district outcomes that might be influenced by increased diversity in the CS classroom	Specific ways that CS diversity efforts might influence these outcomes
Additional conversations that are needed in order to advance efforts to increase diversity in the computer science classroom
